

AU Powersteer

Product code s8503, June 10, 2004

Description

Synforce AU Powersteer has been formulated for use in power steering systems that require an 80w, GL4, iso68 fluid, such as AU series Falcon, some EL series Falcon, NL series Fairlane and DC series Ford LTD.

Caution

This fluid is not to be used in power steer systems requiring an Automatic Transmission Fluid Refer to Owners Handbook or Manufacturers Recommendations before using.

Meets or Exceeds

Ford M2C-86B, M2C-86C, M2C-134D
Dennison HF-1, HF-2
Allison C3, C4
Caterpillar TO-2,
Sperry Vickers 1-286-S
Case UK/DBT

Typical Properties

SAE viscosity	10w/30
API Gear Oil	GL 4
SAE Gear Oil	80w
ISO (Hydraulic) cst @ 40 deg. C	68
Density @ 15 deg. C	.88
Viscosity Index	149
