

Citrus 7000

Product code c8104, June 10, 2004

Concentrated, Quick Break, Biodegradable All Purpose Cleaner

DESCRIPTION

Citrus 7000 is a biodegradable, quick breaking, non caustic, citrus based concentrated cleaner, which can be successful diluted to provide effortless cleaning on a variety of surfaces.

Citrus 7000 is AQIS approved as a General Purpose cleaner type C, incorporating a well known ingredient – Sodium Ortho Phenyl Phenol (SOPP), which helps eliminate unwanted bacteria.

COMPOSITION

Citrus 7000 is a blend of Nonionic surfactants, sequesterants and di Limonene based compounds.

APPLICATION & DIRECTIONS FOR USE

Citrus 7000 designed for cleaning and grease removal from all hard surfaces including floors, walls, kitchen bench tops, showers screens, toilets, carpet spotting, upholstery cleaning as well as pre-wash stain removal. Citrus 7000 should not be used on painted plastics. All are functions of Citrus 7000, along with maintenance cleaning of engine and compartments. For normal use Citrus 7000 should be diluted at 10 : 1 with water, for heavier soiled applications dilute 3:1 and desirable results will be achieved.

SPECIFICATIONS

Flash Point: (Deg C)	N/A
Boiling Point: (Deg C)	100
Vapour Pressure: @ 15 Deg C	Unknown
Specific Gravity: @ 25 Deg C	1.09
Solubility in Water	miscible
Flammability Limits:	Not Flammable.

Citrus 7000 is available in 750 ml trigger spray bottle, 5, 20 and 1000 litre containers.
