

Diesel Mono 50

Product code s2215, Dec, 2017

Description

Synforce Diesel Mono 50 is a quality Monograde high-speed diesel engine oil. It is a low ash detergent oil which provides excellent wear resistance, high temperature stability with low temperature performance. The premium additive pack assures maximum protection against foaming and corrosion whilst maintaining engine cleanliness.

Diesel Mono 50 is suitable for use in on road transport, mining, marine, agricultural, earthmoving, stationary and construction equipment. Also suitable also for use in transmissions such as Fuller and Spicer, Roadranger and some hydraulics where oil type and viscosity are appropriate.

Recommendations

Diesel Mono 50 is recommended for 4 stroke petrol and naturally aspirated diesels requiring low combustion ash forming properties.

Typical Characteristics

Viscosity cst @ 40° C,	211.7
Viscosity cst @ 100° C,	20.2
Viscosity Index	111
Sulphated Ash	0.8

Meets or Exceeds

Ford	M2C 121E3
General Motors	6094M, 6048M
Caterpillar	TO-2
Mack	EO-K2
Volvo	B-20
Allison	C3
Mercedes Benz	228.0
API	CF/SG
SAE	50
