

NeatCUT HD46 neat cutting oil

Product code s4854, Feb. 2012

Product;

NeatCUT HD46 is a heavy duty iso 46 transparent, inactive, non-emulsifying, high additive EP cutting oil for use on ferrous metals, stainless and nickel/chrome steels,

Applications;

This product is mainly confined to uses where a high viscosity oil is required. Pipe threading by hand or machine are typical applications.

NeatCUT HD46 can also be used on stainless and nickel / chrome steels.

It is suitable for machining steels in various types of lathes – automatics, turrets and hand screw machines.

Being high in additive it is generally used on heavy duty operations such as gear cutting, broaching, turning, threading and tapping.

Benefits;

- Dependably fine finishes and extended tool life
- Chlorine-free - for cost savings in plant
- Cleaner waste effluent when parts must be cleaned
- No chlorinated oils which are considered health and environmental hazards.

<i>Typical properties:</i>	<i>Kinematic Viscosity @ 40°C,</i>	<i>46 cSt</i>
	<i>Specific gravity</i>	<i>0.880</i>
	<i>Colour</i>	<i>clear amber</i>
