

## ProSYN 15w/50, SN/CF

Product code s2738, Dec. 2017

### DESCRIPTION

ProSYN 1550 is a Semi Synthetic, Full SAPS, 15w/50, SN/CF petrol engine oil, designed for maximum protection under both normal and severe operating conditions. ProSYN 1550 is not suitable for use in Vehicles fitted with a DPF

ProSYN 1550 provides the ultimate in protection and performance. This premium quality engine oil meets and exceeds API: SN/CF and is suited for all types of four stroke engines operating under the most severe and varied conditions, such as high temperature highway driving conditions or low temperature stop-start driving around town.

The levels of powerful dispersants and detergents of ProSYN 1550 maintain much cleaner engines under all service conditions. The special active dispersants inhibit formation of sludge especially under the constant cold temperature operation of urban motoring and the careful selection of thermally stable base oils, oxidation inhibitors, viscosity improvers and detergents enhance the high temperature performance of ProSYN 1550, this contributes to less oxidation and more protection from piston deposits compared to conventional SJ engine oils.

### SPECIFICATIONS:

ProSYN 1550 meets or exceeds the following demanding performance requirements:

SAE 15w50 ... API SN/CF ... ACEA A3/B3-12, A3/B4-12 ... MB 229.1, 229.3 ...  
VW 501.01/502.00/505.00 ... Renault 0700/0710 ... PSA B71-2300

### Typical Properties

Density, kg/Lt at 15 <sup>0</sup> C	0.884
Viscosity, cSt at 100 <sup>0</sup> C	18.6
at 40 <sup>0</sup> C	133
Viscosity Index	158
Sulphated Ash	1.1
