

ProSYN 520

Product code s2730, Dec, 2017

Description;

ProSYN 520 is a Full synthetic, Full SAPS SAE 5w/20, extremely shear stable SN+/CF/GF-5+, energy conserving petrol and light load diesel engine oil, designed for maximum protection under both normal and severe operating conditions. ProSYN 520 is not suitable for diesel engines fitted with a DPF

ProSYN 520 was specifically designed for high performance engines that are recommended to have a 5w/20 viscosity engine oil, and is our prime recommendation for both naturally aspirated and turbocharged engines of these types.

The formulation of ProSYN 520 is unique to Synforce, being a true Full synthetic 5w/20, and being formulated using the most shear stable Viscosity Modifiers available.
