

Vacuum Pump Oil ISO 90

Product code s8558, March 25, 2008

DESCRIPTION

Vacuum Pump Oil ISO 90 has been specifically formulated for use in Vacuum Pumps where a high tendency for foaming and moisture content exists.

The formulation offers the oil to better withstand the negative effects of moisture in oil.

Vacuum Pump Oil 90 also contains high levels of anti wear additives offering better protection of working components within the pump.

TYPICAL TESTS

| | |
|--------------------------------------|------|
| Viscosity, cSt at 100 ⁰ C | 11.4 |
| at 40 ⁰ C | 98.6 |
| Viscosity Index | 102 |
| Pour Point, ⁰ C | -24 |
